The Call to a Higher Intelligence.

Sometimes, without knowing what you are doing, you will naturally raise yourself above earth's energy level and tap into another level. This is unfortunate to the extent that it is unintentional because you are not prepared. Being unprepared, you lose much of the value.

Earth and Second Earth prepares you. No matter what knowledge you want, no matter what guidance you seek, and no matter what your circumstances, there is a place in the Universe that is personal and directly accessible for you to meet any one of your requirements. Take advantage of the beauty and excitement from Gregge Tiffen's knowledge and training that is transferable to you through all of earth and second earth energies.

Gregge Tiffen received intensive training in mysticism and mystical law over sixty years ago in the Far East. He returned to the United States in the late 1950's to teach as he was taught. Before his death in September 2008, he was a well-respected business consultant, exceptional teacher, and personal counselor to people throughout the world. You can learn more about him and his work in his highly acclaimed book, *Life in the World Hereafter: The Journey Continues*.
